

Product no **AS18 4181**

Anti-DYKDDDDK (binds to Sigma FLAG®), Biotin-conjugated

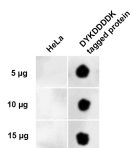

Product information

Immunogen	KLH-conjugated DYKDDDDK (FLAG®) synthetic peptide.
Host	Rabbit
Clonality	Polyclonal
Purity	Immunogen affinity purified in PBS pH 7.4, 50% glycerol, 0.09% sodium azide.
Format	Liquid
Quantity	100 µg
Storage	Store at -20 °C.

Application information

Recommended dilution	1: 100 (WB)
Confirmed reactivity	DYKDDDDK tagged proteins
Not reactive in	No confirmed exceptions from predicted reactivity are currently known
Additional information	For in vitro research use only

Application example

Dot Blot using anti-DYKDDDDK (1:1000 for 2h/RT) on tissue: DYKDDDDK (FLAG®) Positive Control Lysate.
