

Recombinant HIV-2 p27 protein

Product Information

Cat#

HIV-105THP

Common Name

HIV

Product Name

Recombinant HIV-2 p27 protein

Product Overview

Recombinant protein produced in E. coli.

Source

E. coli

Species

HIV-2

Form

1X PBS buffer, pH 7.4

Molecular Mass

The protein MW is approximately 24 kD.

Purity

Greater than 85 % as determined by SDS-PAGE.

Storage

-20° C, Avoid freeze/thaw cycles.

Concentration

2-4 mg/ml
