

Recombinant HIV-1 Reverse Transcriptase protein

Product Information

Cat#

HIV-100THP

Common Name

HIV

Product Name

Recombinant HIV-1 Reverse Transcriptase protein

Product Overview

Recombinant HIV-1 Reverse Transcriptase protein produced in E. coli Expression System.

Source

E. coli

Species

HIV-1

Form

0.2M Carbonate-Bicarbonate buffer, pH 9.4

Molecular Mass

The protein was purified by IMAC* (Ni²⁺). The protein MW is approximately 65 kD and is more than 85% pure by SDS-PAGE.

Purity

Greater than 85 % as determined by SDS-PAGE.

Storage

-20° C, Avoid freeze/thaw cycles.

Concentration

0.5-2 mg/ml
