

## DIRAS3 Antibody (F54839)

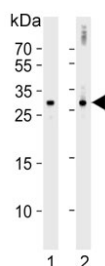

| Catalog No.   | Formulation                                | Size    |
|---------------|--------------------------------------------|---------|
| F54839-0.4ML  | In 1X PBS, pH 7.4, with 0.09% sodium azide | 0.4 ml  |
| F54839-0.08ML | In 1X PBS, pH 7.4, with 0.09% sodium azide | 0.08 ml |

|---------------------------|---------------------------------------------------------------------------------------------------------------------------------|
| <b>Availability</b>       | 1-3 business days                                                                                                               |
| <b>Species Reactivity</b> | Human                                                                                                                           |
| <b>Format</b>             | Purified                                                                                                                        |
| <b>Host</b>               | Rabbit                                                                                                                          |
| <b>Clonality</b>          | Polyclonal (rabbit origin)                                                                                                      |
| <b>Isotype</b>            | Rabbit Ig                                                                                                                       |
| <b>Purity</b>             | Antigen affinity purified                                                                                                       |
| <b>UniProt</b>            | O95661                                                                                                                          |
| <b>Applications</b>       | Western Blot : 1:500-1:1000<br>Immunohistochemistry (FFPE) : 1:50-1:100<br>Flow Cytometry : 1:10-1:50 (1x10 <sup>6</sup> cells) |
| <b>Limitations</b>        | This DIRAS3 antibody is available for research use only.                                                                        |

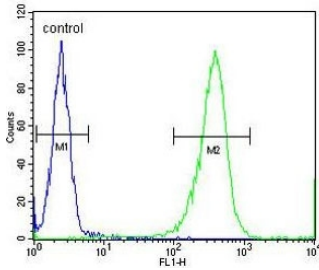

Western blot testing of human WiDr cell lysate with DIRAS3 antibody. Predicted molecular weight ~26 kDa.

Western blot testing of human 1) HeLa and 2) ovary tissue lysate with DIRAS3 antibody. Predicted molecular weight ~26 kDa.

IHC testing of FFPE human brain tissue with DIRAS3 antibody. HIER: steam section in pH6 citrate buffer for 20 min and allow to cool prior to staining.

Flow cytometry testing of human WiDr cells with DIRAS3 antibody; Blue=isotype control, Green= DIRAS3 antibody.

## Application Notes

The stated application concentrations are suggested starting points. Titration of the DIRAS3 antibody may be required due to differences in protocols and secondary/substrate sensitivity.

## Immunogen

Recombinant human protein was used as the immunogen for the DIRAS3 antibody.

## Storage

Aliquot the DIRAS3 antibody and store frozen at -20oC or colder. Avoid repeated freeze-thaw cycles.
