

# IFM5 rabbit pAb

Cat No.:ES19912

For research use only

## Overview

|                          |                                                                                                                                                                   |
|--------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Product Name             | IFM5 rabbit pAb                                                                                                                                                   |
| Host species             | Rabbit                                                                                                                                                            |
| Applications             | WB                                                                                                                                                                |
| Species Cross-Reactivity | Human;Mouse                                                                                                                                                       |
| Recommended dilutions    | WB 1:1000-2000                                                                                                                                                    |
| Immunogen                | Synthesized peptide derived from human IFM5 AA range: 1-51                                                                                                        |
| Specificity              | This antibody detects endogenous levels of human IFM5                                                                                                             |
| Formulation              | Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide.                                                                                           |
| Storage                  | Store at -20°C . Avoid repeated freeze-thaw cycles.                                                                                                               |
| Protein Name             | Interferon-induced transmembrane protein 5 (Bone-restricted interferon-induced transmembrane protein-like protein) (BRIL) (Dispanin subfamily A member 1) (DSPA1) |
| Gene Name                | IFITM5                                                                                                                                                            |
| Cellular localization    | Cell membrane ; Multi-pass membrane protein .                                                                                                                     |
| Purification             | The antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen.                                             |
| Clonality                | Polyclonal                                                                                                                                                        |
| Concentration            | 1 mg/ml                                                                                                                                                           |
| Observed band            |                                                                                                                                                                   |
| Human Gene ID            | 387733                                                                                                                                                            |
| Human Swiss-Prot Number  | A6NNB3                                                                                                                                                            |
| Alternative Names        |                                                                                                                                                                   |
| Background               |                                                                                                                                                                   |
