

DiagNano™ COOH PbS/CdS Quantum Dots, 900 nm

Cat.No: DNG-N001

DESCRIPTION

Description	Carboxyl functionalized PbS/CdS core/shell quantum dots supplied in water, 900±10 nm peak emission, FWHM: 120 nm.
--------------------	---

PRODUCT INFORMATION

Diameter	4.5 nm
-----------------	--------

Functional Group	Carboxyl
-------------------------	----------

Emission Max	900 ± 10 nm
---------------------	-------------

Quantum Yield	N/A
----------------------	-----

STORAGE AND SHIPPING

Storage Buffer	DI water
-----------------------	----------

Shelf Life	≥1 yr if stored in dark between -15 and 8°C.
-------------------	--
