

# DiagAg™ Anti-Rho1D4 Agarose Particles, 7.5% Crosslinked, 40 µm

Cat.No: DAG-CB23-01

## DESCRIPTION

**Description** DiagAg™ Anti-Rho1D4 Agarose Particles, 7.5% Crosslinked, 40 µm are coupled with an anti-Rho1D4 antibody. The specificity of an antibody to its antigen is meant for protein purification assays to obtain high purity proteins.

## APPLICATION

**Application Notes** Specific binding and purification of Rho1D4-tagged proteins

## PRODUCT INFORMATION

<b>Diameter</b>	40 µm
<b>Ligand</b>	Anti-Rho1D4 Antibody
<b>Concentration</b>	50% v/v
<b>Targets</b>	Rho1D4-tagged (TETSQVAPA) proteins
<b>Matrix</b>	7.5% agarose
<b>Binding Capacity</b>	>3 mg/mL
<b>Flow Velocity</b>	0.25-1 mL/min

## STORAGE AND SHIPPING

**Storage** Long-term storage: in neutral buffer with 20% ethanol at 4°C, short-term storage: in

neutral buffer at 4°C.
