

SOLUTIONS FOR VARIANTS IN VACCINE DEVELOPMENT

THE WORLD'S LARGEST RANGE OF SARS-COV-2 RESEARCH ELISA

Specific assays for estimation of neutralising antibodies against Wuhan variant, Brazil variant, UK variant, India variant and South Africa variant

SUPPORTING SCIENTISTS FROM PRE-CLINICAL TO CLINICAL STAGES

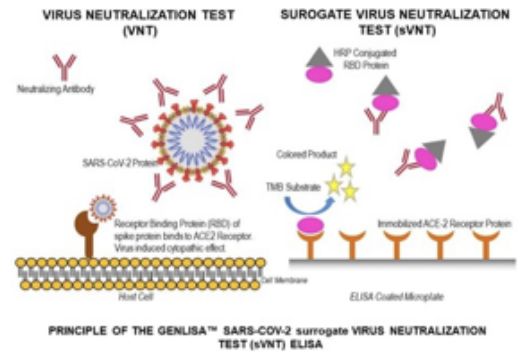

KRISHGEN BioSystems

OUR REAGENTS. YOUR RESEARCH.

**KBVH
400**

GENLISA™ SARS-COV-2 (COVID-19) SURROGATE VIRUS NEUTRALIZATION TEST ELISA

Calibration Range: 0 - 2000 ng/ml

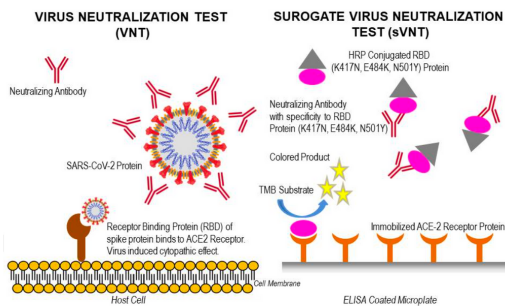

The kits come bundled with standards to offer a unique option of qualitative and quantitative (%inhibition) data reporting.

Other features of the kits include:

- species- and isotype-independent detection
- validated for both serum and plasma samples
- do not require a BSL3 containment facility
- ready-to-use, with standard ELISA procedures

VARIANTS IN N-PROTEIN

GENLISA™ SARS-COV-2 (COVID-19) SURROGATE VIRUS NEUTRALIZATION TEST (SVNT) B.1.351 (SOUTH AFRICA VARIANT) ELISA

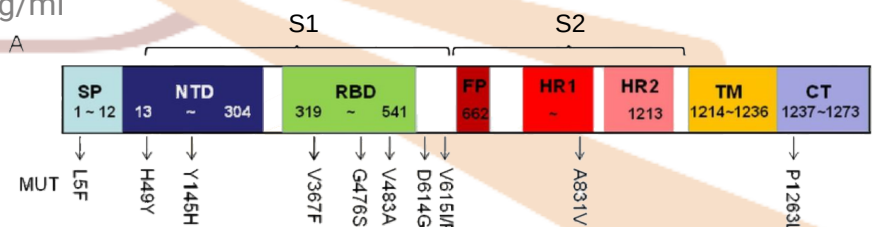

**KBVH
550**

Calibration Range: 0 - 2000 ng/ml

**KBVH
650**

GENLISA™ SARS-COV-2 (COVID-19) SURROGATE VIRUS NEUTRALIZATION TEST (SVNT) P.1 (BRAZIL VARIANT) ELISA

Calibration Range: 0 - 2000 ng/ml

SUPPORTING SCIENTISTS FROM PRE-CLINICAL TO CLINICAL STAGES

GENLISA™ SARS-COV-2 (COVID-19) SURROGATE VIRUS NEUTRALIZATION TEST (SVNT) B.1.617.2 (DELTA / INDIA VARIANT) ELISA

Calibration Range: 0 - 2000 ng/ml

VARIANTS IN S-PROTEIN

GENLISA™ SARS-COV-2 (COVID-19) SURROGATE VIRUS NEUTRALIZATION TEST (SVNT) B.1.1.7 (UK VARIANT) ELISA

**KBVH
600**

Calibration Range: 0 - 2000 ng/ml

The sVNT SARS-CoV-2 Variant kits from KRISHGEN are unique tools for researchers to map and track the post vaccine and disease trends in an easy-to-use ELISA format.

WE WORK WITH A NUMBER OF LEADING PHARMACEUTICAL AND CLINICAL RESEARCH COMPANIES FOR OUR ASSAY KITS.

Be it Insulin Analogs, Bone Calcium Metabolism Drugs or Oncology Therapeutics, we offer a the widest range of ELISA kits - unique and perhaps the only assays available worldwide.

Our Covid-19 Assays are being used by leading Vaccine Companies both in India and globally for *Assay Titer Checks, Antibody Monitoring, Neutralisation Studies and Mutation Variant Checks.*

Over 50+ direct SARS-CoV-2 Assays

Variant Estimation Assays

Additional Assays for Pathway Research

Covid Cytokine Storm ELISA kits
